**NOTICE:**  
**Protected by United States Patent # 8,042,581 and UK Patent GB 2465534**  
**Other Patents Pending**

## Attaching the Tube Holder to the 3x Unit

Determine which side of the unit you want the Tube Holder on and insert the provided shoulder screws into the two holes in the side panels as shown. Secure them using the provided wing nuts.

Secure the Tube Holder to the 3x Unit by aligning the “Key Hole Slots” in the tube holder side panels with the shoulder screws on the 3x Unit and sliding it into place.
